

Honorable Committee Members:

I vote NO on bill HB 5429. I strongly urge this bill NOT BE PASSED!

Our charming town of New Canaan would adversely be affected by this bill if it passed. Our charming Merritt Parkway riddled with high density housing/bldgs. Would ruin the charm and character of our town and all others in Connecticut.

Individual town's Planning and Zoning Commissions word hard to keep the integrity of our town for it's history as well as the tax paying residents.

I EMPLORE you to Vote NO – NO – NO to this bill which would negatively impact our charming state!

Most sincerely,
Debra Coleman Stoltze
